Wholesale Hardwood Interiors, Inc.
1030 Campbellsville Bypass
Campbellsville, KY 42718

Job Description:

Job Summary:

The candidate in this position will be working directly with WHI's custom shop and manufacturing departments creating computer-aided drawings, estimating the cost of custom wood products, and processing all necessary work orders.

Job Responsibilities:

- Processing work orders for the custom shop. This includes calculating time and materials to create appropriate costs for wood products.
- Estimating the cost of newly requested products. As well as, re-costing products previously produced. These prices may be sourced through various outside vendors, or using internal tools and processes by WHI.
- Creation of C.A.D. Drawings for requested products. WHI uses sophisticated drafting software to produce detailed drawings of custom items that meet specified dimensions; as well as, aid in customer visualization.

Skills /Qualifications:

- Previous experience with computer-aided drafting (C.A.D.) is desired.
- Basic math and problem-solving skills.

*Wholesale Hardwood Interiors, Inc. specializes in your home's interior needs. This includes every type of **Moulding**, from floor to ceiling, **Specialty Millwork**, of all shapes and sizes, **Doors**, molded or solid wood, and a wide variety of **Stair Parts**. It is WHI's goal to stock as many high-demand items as possible to serve customers with the shortest amount of turnaround time. WHI's growth over the last 35 years has hinged on the three qualities that we feel make up WHI's golden rule, quality, service, and integrity. From the start, it has been the intent to treat others the way we would want to be treated. In the millwork industry, we feel that is encompassed in quality products, exceptional service, and integrity you can count on.*
