Wholesale Hardwood Interiors, Inc.
1030 Campbellsville Bypass
Campbellsville, KY 42718

Job Description:

Job Summary:

The individual in this position will be working directly with WHI's custom shop and manufacturing departments estimating the cost of custom wood products, and processing work orders on manufactured materials. This position will also offer on site training into WHI's technical drawing program. This program is used to create 2D and 3D dimensional drawings that create visual perspective for our customers and allow our shop to build items to custom specifications.

Job Responsibilities:

- Processing work orders for WHI's custom shop and manufacturing departments. This includes entering time and materials into digital work orders to create accurate cost and sell prices.
- Estimating the cost of newly requested products, as well as, re-costing products previously produced. These prices may be sourced through various outside vendors, or using internal tools and processes by WHI.
- Train to become proficient in SolidWorks drawing program.

Skills /Qualifications:

- Basic math and problem-solving skills.
- Organizational skills and detailed follow up are key for success.
- Previous experience with computer-aided drafting (C.A.D.) is not required but a plus.

*Wholesale Hardwood Interiors, Inc. specializes in your home's interior needs. This includes every type of **Moulding**, from floor to ceiling, **Specialty Millwork**, of all shapes and sizes, **Doors**, molded or solid wood, and a wide variety of **Stair Parts**. It is WHI's goal to stock as many high-demand items as possible to serve customers with the shortest amount of turnaround time. WHI's growth over the last 35 years has hinged on the three qualities that we feel make up WHI's golden rule, quality, service, and integrity. From the start, it has been the intent to treat others the way we would want to be treated. In the millwork industry, we feel that is encompassed in quality products, exceptional service, and integrity you can count on.*
